Meeting Minutes: September 2016 minutes were distributed and accepted.

Treasurer's Report: The financial reports were verbally acknowledged and accepted.

Membership: Members to date are currently recorded at 75 with new and renewal memberships slowly tapering off for the 2016 year.

MAYDA Report: Our Grant is still in progress and moving along nicely. As referenced before: The signage regarding our park and future layout plans have been posted along N Oak Street at the entrance to the field. An informational box along with a survey has been attached to the sign in order to provide feedback from the public pertaining to our park and its future plans.

Metamora Country Day: Planning for the 2017 annual Country Days event is in progress. A heartfelt thank you goes out to Crystal Woodley for her service in chairing this event over the past several years. Kellie Cimini and Kristy Waldorf have graciously accepted to co-chair the event for the 2017 season. Any thoughts or contributions on this event are welcomed!

Old Business: After careful consideration and further discussion the Board has decided a printed publication of membership would be costly and ineffective with today's social media and internet access. We will continue to advertise our members on the Metamora Chamber website as well as promote any and all future events to gain exposure for our members and businesses alike.

New Business: Notification regarding the annual election of officers at the November meeting will be distributed via email and Facebook. Discussion regarding the possibility of merging the Hadley Chamber with our own Metamora Chamber is in discussion and will be reviewed thoroughly before a merger will be presented to the Boards. The website is currently going under review as to its presence on mobile friendly sites and updates that may make our site more user friendly.

Meeting adjourned
Respectfully submitted,
Kellie Cimini,
MACC Secretary
